Colby, Kansas And Albany, N.Y. Report 20 Below

Two Widely Separated Spots
Have Frigid Wave Dur-
ing Night

SEVERAL OTHER AREAS ARE COLD

(By International News Service)
Two widely separated cold spots in the nation today found temperatures down to 21 degrees below zero at Albany, N. Y., and 20 below at Colby, Kan.

The eastern cold spot extended over New England, northern New York State and Pennsylvania where sub-zero temperatures generally prevailed.

The western cold spot included northeastern New Mexico, eastern Colorado, the Oklahoma Panhandle and western Kansas.

Weather bureau officials, however, said temperatures in both the cold areas are expected to rise during the day. They explained that fair weather following a heavy snowfall usually sends temperatures plummeting downward during the night but warms up during the day.

In contrast, the usual cold areas of North Dakota and northern Minnesota showed comparatively warm weather. Pembina, N. D., usually one of the nation's frigid areas, reported a temperature of 2 degrees above zero. Williston, N. D., 10 above and International Falls, Minn., 14 above.

Prospects For Beating Tax Cut Veto Grow

WASHINGTON, March 6.—(INS)—Sen. Aiken (R) Vt., who voted against the last Republican tax-cut bill, said today that he might support the bill which the senate committee is expected to approve next week.

If Aiken votes for the bill, it will enhance GOP prospects for passing a tax reduction over President Truman's veto.

Aiken was one of three Republican senators who voted to sustain the president's veto of the second GOP tax-cut measure last July. Others were Sen. Morse, Ore., and Langer, N. D.

Langer said he was "in doubt" as to whether he would support the new measure because the proposed \$100 increase in the personal income tax exemption, in his opinion, was "not high enough". He commented:

"The exemption should be greater. And besides a large exemption should be granted for additional children than for the first in order to give the fellows with large families a break."

Pa Newc Observes

Numerous New Castle and Lawrence County auto drivers have been arrested in Youngstown recently in the traffic law enforcement crusade by the police of that city. Speed laws, red light violations, stop sign infractions and other traffic regulations are being rigidly enforced.

While some parts of the nation are reporting temperatures much below zero this morning, New Castle and Lawrence county seemed to have escaped the frigid blast. Official low here during the night was 14 above zero.

Daily Weather Report

United States weather statistics for the 24-hour period ending at 9 a. m. today follow:
Maximum temperature, 39.
Minimum temperature, 14.
No precipitation.
River stage, 6.2 feet.

Statistics for the same date a year ago, follow:
Maximum temperature, 38.
Minimum temperature, 28.
Precipitation, .01 inches.

Addition To Shenango School To Be Discussed

Shenango Township school board and the Township Parent-Teachers Association, along with interested citizens of Shenango Township will assemble in the High school building on Monday evening at 7:45 o'clock, for a meeting at which time plans will be discussed for the erection of an eight room wing on to the present school building.

At present, there are five portable school buildings in use on the grounds adjoining the Shenango high school which are in a poor state of repair and several of them are beyond repair, it is learned from George Lawrence, secretary of the Shenango Township school board. These buildings accommodate approximately 300 elementary school children and the building program is a must Mr. Lawrence said.

May Be Built This Summer
At the meeting Monday will be A. T. Eckles, local architect who will go over plans for the addition with the school board, P. T. A. and other residents of Shenango Township who will be present at the meeting.

If the plans are approved, the addition is expected to be erected by the fall term of school this (Continued on Page Two)

Rocket Goes Up 78 Miles

Announce New U. S. Record
Height For Liquid Filled
Rocket

By WILLIAM L. UNSTEAD
(U. S. Staff Correspondent)

WASHINGTON, March 6.—The Army and Navy announced today that a new liquid-fueled rocket has soared to an altitude of 78 miles—the greatest height ever reached by an American-designed and constructed rocket.

The new rocket, which was fired at White Sands proving ground, New Mexico, yesterday reached a maximum speed of 3,000 miles per hour, the highest speed ever attained by a U. S. built rocket.

Despite its establishment of a new American mark for rockets, the new missile fell far short of performance records set by the V-2 rockets which the Germans used during World War II.

The V-2 reached an altitude of 114 miles and a maximum speed of about 3,500 miles per hour during earlier tests at the White Sands proving ground.

A joint Army-Navy announcement said that the program under which the rocket was launched calls for the firing of 20 similar rockets in the near future.

First Red Cross Report \$3,135.90

Division leaders in the American Red Cross campaign for funds made their initial report Friday afternoon at the chapter house, N. Beaver street. The total reported was \$3,135.90.

The business division, under the leadership of Larry Perelman and H. C. Dinsmore, topped all the groups with \$1,237 accounted for out of a quota of \$6,000.

General chairman Harry Helmick today urged the leaders and their workers to double their efforts to put the campaign over the top. The goal is \$35,000 this year.

No report was forthcoming from Ellwood City, which is attempting to raise \$7,000 of the total.

Another report is scheduled for next week, it was stated.

Warns That Heavy European Shipments May Cause Shortage

WASHINGTON, March 6.—(INS)—The Herter committee advised congress today that too heavy shipments of electrical equipment to Europe under the Marshall plan may accentuate power shortages in this country.

In a report on machinery and equipment, the special house committee on foreign aid, directed by Rep. Herter (R) Mass., declared that only "a small part of the American manufacturing potential" could be exported "without creating a serious impact on the American power situation."

The report declared that present expansion plans of U. S. power industry are "essential" to avoid a power shortage in the next four years.

Bar Association Banquet Tonight

Hungerford To Present Program Feature At Country Club Event

SEMINAR HELD THIS AFTERNOON

Practicing law this afternoon and tonight will be put aside in favor of dining, speaking and entertainment. The Lawrence County Bar Association is playing host to attorneys from Beaver, Butler and Mercer counties. The program includes a seminar in the Country club this afternoon and a dinner in the club tonight.

Taxes will be the subject of the seminar this afternoon with assistant city solicitor of Philadelphia, Abraham Wernick, the speaker. Mr. Wernick will discuss Act 481 of the 1947 General Assembly which permits municipal sub-divisions of the commonwealth to levy many special taxes.

Discuss Payroll Tax
Philadelphia has had the authority for several years to levy a payroll tax and has used the authority. This particular tax will probably come in for much discussion. Mr. Wernick is in charge of tax problems for Philadelphia and is said to be an expert.

At the dinner this evening Cy Hungerford, noted Pittsburgh cartoonist will provide the entertainment. He has recently returned from a tour of a number of European nations and in his delightful illustrated talk will probably draw upon his experiences overseas.

City Solicitor Robert M. White is the chairman of arrangements for the day.

Bridges Fired From C.I.O. Job

SAN FRANCISCO, March 6.—(INS)—Harry Bridges, who was fired as Northern California CIO director as a result of his endorsement of a Third Political party and denunciation of the Marshall Plan, faced new troubles today.

John Phillips, an official of the U. S. Immigration Department, is in San Francisco gathering evidence in a Department of Justice investigation which may lead to new deportation proceedings against Bridges.

If deportation proceedings are brought, it would mark the third time Bridges has faced return to his native Australia.

Prepare For Local Guard Aid Unit

Pictured above is a L 16 liaison plane similar to the two that are to be based in New Castle shortly for the guard units here. Also shown are Major B. A. Bache who is giving transition training to First Lieutenant William Rowland (center). To the right is T/Sgt. Andrew Harcar who will be mechanic of the two planes that are to be based here.

Two former AAF pilots now attached to the 229th Field Artillery Battalion, are undergoing transition flight training at the New Castle Municipal Airport. The men, First Lieutenant William C. Rowland, 3201 S. Shaw street, and Second Lieutenant Wayne R. Carpenter, Kerr street, are the pilots who will man the two liaison planes assigned to the Air Section of the 229th Battalion here under Lieutenant Colonel George F. Mitchell. Lieutenants Rowland and Carpenter are taking the transition flight training from B-24 bombers to L-16 liaison reconnaissance planes under Major B. A. Bache, of Indiantown Gap. The training is preparatory to appearing before the Aeronautical Rating Board at Harrisburg, the men will fly the two liaison planes back to New Castle to be used by the 229th Field Artillery Battalion.

Federal Form Of Government For W. Germany

(BULLETIN)

LONDON, March 6.—(INS)—The United States, Great Britain, France and the Benelux nations agreed today on a Federal form of government for Western Germany.

This will be designed to protect the rights of respective German states.

But it also will establish a central authority best adapted to eventual reestablishment of German unity.

A communique telling of the agreement was issued at the close of the first phase of the conference. In addition to the three large powers, Belgium, The Netherlands and Luxembourg were represented.

YOUTH IS KILLED

HONESDALE, Pa., March 6.—(INS)—Rescuers toiled in vain for more than an hour last night to reach 18-year-old Bernard Schupper who was buried alive under tons of coal while working in a coal plant at Honesdale.

A police inhalator squad worked more than two hours in an attempt to revive the youth when his body was recovered. Schupper fell into a chute and was buried while shoveling coal on the third floor level, police said.

Manhunt Ends In Capture Of Escaped Pair

OFFICERS WOUNDED BY BURGLAR PAIR

PITTSBURGH, March 6.—(INS)—An intensive manhunt came to an end early this morning with the capture of two escaped burglars, following two gun battles in which three policemen and an apparently innocent bystander were wounded.

Under arrest in Allegheny county jail were John T. Wilson, 26, and Edward DiPofi, Jr., 24, the suspected burglars.

Four Wounded

Treated for gunshot wounds at a Pittsburgh hospital were Police Officers Joseph Chmelynski, 25, of Library, Pa.; George Kercher, 46, of Bethel township; Joseph Start, an Allegheny county detective, and a passerby, Edward Cooperstein. Kercher and Chmelynski, both Bethel township police, apprehended the youths as they burglarized a home in Bethel township.

After taking a pistol from each man, they handcuffed them together and started walking them toward a police car.

Agreement On Wheat Pact By 35 Nations

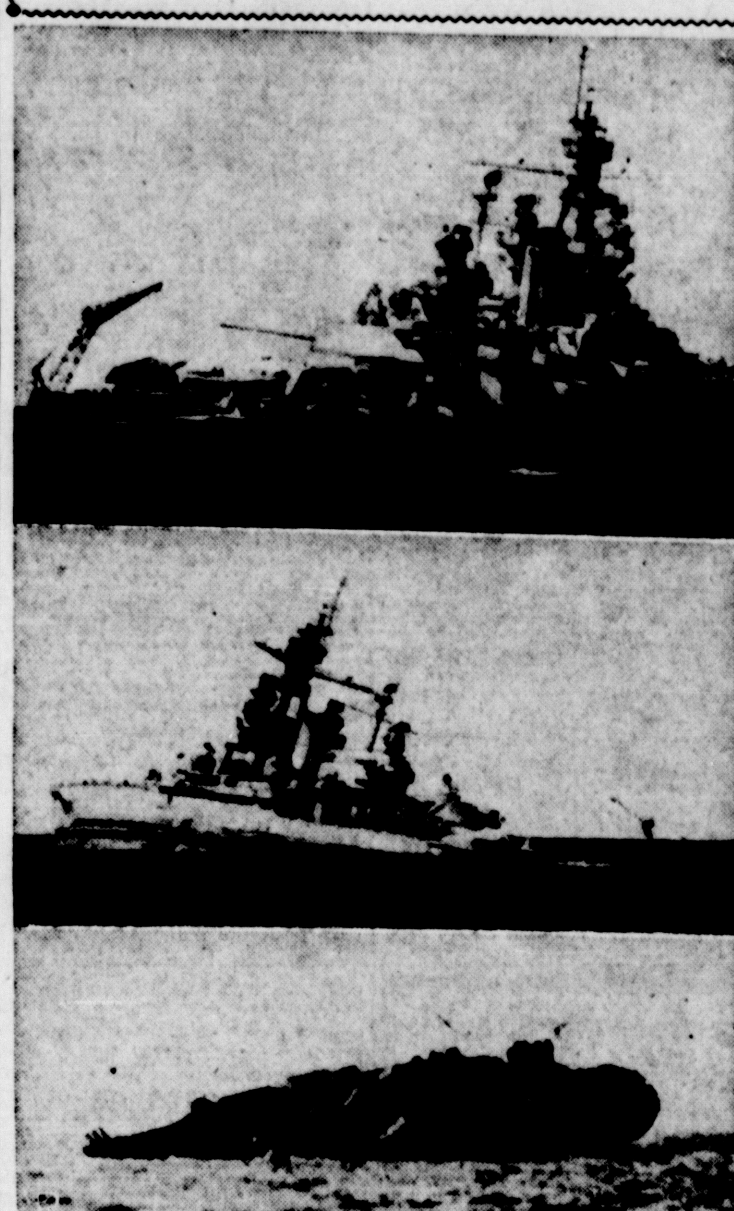

WASHINGTON, March 6.—(INS)—The United States and 35 other nations today agreed to an international wheat pact providing for supply of 500 million bushels of the vital grain to world trade at maximum and minimum prices.

Maximum price throughout the five-year period beginning next July 1 is \$2 per bushel and the minimum ranges downward from \$1.50 for the first fiscal year to \$1.10 for the final year.

The signed agreement represented the climax of lengthy negotiations conducted in Washington. The signatory powers are the major wheat-producing and wheat-consuming nations of the world.

Congress and the governments of the other participating nations must approve the plan.

Warn Against Including Political Commitments In U.S. Marshall Plan

By WILLIAM THEIS
(U. S. Staff Correspondent)

WASHINGTON, March 6.—Two Democratic foreign policy leaders sternly warned today against including any political commitments in the Marshall plan until "we can do it with our eye open."

Sens. Connally (D) Tex. and George (D) Ga. went on record against proposals to set up a veto-proof international defense council and to write a "political unification" clause into the European recovery bill.

Their opposition was voiced as a debate brought leadership forecasts that a Senate vote on the ERP legislation would not be reached as scheduled by the end of next week. Acting majority leader Wherry (R) Neb. said he saw little chance for a vote next week.

No Political Alignments
Connally, former chairman of the Senate foreign relations committee, declared that political unification "must come from within western Europe". This is the stand taken by Senate President Vandenberg (Continued on Page Two)

Report Purge In Czech Army

Warn Army Leaders That
Opposition To Soviet
Union Is Treason

PRAGUE, March 6.—(INS)—A thorough purge of the Czechoslovakian army was reported today today despite Ministry of Information denials.

Diplomatic sources take it for granted that the reorganization has begun.

The assumption is based upon the fact that Rudolf Slansky, secretary-general of the Communist party, delivered a sharp attack upon "Rightist elements" in the army some months ago.

He warned Army leaders that opposition to the Soviet Union constituted treason.

On Thursday night, the Communist-controlled radio warned district action committees not to interfere with the Army but to refer all military matters to the Ministry of National Defense.

This led diplomatic observers to conclude that the purge already has begun.

There was little doubt in the minds of observers that all elements in the Army who are considered "untrustworthy" will be removed by the Communists sooner or later.

Open Hearing For Dr. Condon Is Indicated

WASHINGTON, March 6.—(INS)

Rep. McDowell (R) Pa., declared today he is willing to see the house un-American activities committee "take a shellacking" at an open hearing if it would clear public uncertainty as to the loyalty of Dr. Edward U. Condon.

The influential member of the committee however declared that the material gathered by committee investigators on the head of the U. S. Bureau of Standards was "highly convincing."

He said, after going over the investigators' reports for the first time, that Dr. Condon "is going to have to talk awfully fast."

McDowell reported that the full committee will hold a policy meeting Wednesday to decide the earliest possible date to hold full public hearings on the Condon controversy.

McDowell commented:

"If Dr. Condon wants a hearing and he says he does, he should have as quickly as possible. If he's been put upon, I'd rather the committee would take a shellacking than to have the public continue uncertain about this highly strategic position."

SEEK DEATH CAUSE

PITTSBURGH, March 6.—(INS)

Police today sought to determine whether John J. Somma, whose body was found in the Ohio river near Aliquippa, was a victim of murder.

Described as a gambler, the 27-year-old veteran's body was found two months after he disappeared from his Pittsburgh home.

An autopsy failed to disclose the cause of death, though the Beaver county coroner's office theorized that Somma died from drowning.

Parliament Of Finland Balks At Soviet Pact

Decisively Against Immediate Conclusion Of Pact
With Stalin

BARE MAJORITY FOR DISCUSSION

By NED NORDNESS
(U. S. Staff Correspondent)

HELSINKI, March 6.—A bare majority of the Finnish parliament today favored asking Russia what kind of a treaty she wants from Finland.

But by a decisive three to one majority, the parliament opposed immediate conclusion of a pact such as requested by Premier Stalin.

This overwhelming attitude to remain aloof from Soviet military ties was disclosed when Finnish political parties concluded their discussions and reported their final stands to President Juho Paasikivi.

To Begin Talks

Paasikivi is therefore expected to name within a few days a delegation to begin talks with Russia. The delegation, however, will have only limited powers.

It probably will be authorized only to find out what are the best terms Russia proposes. It will most likely not be authorized to write the treaty.

Political party reports to the president revealed that only the Communist-dominated "Peoples" Democrats wholly endorse the proposed pact. They have 51 seats in parliament.

Lined up solidly against them are all other political parties, holding the remaining 149 seats in the 200-member body.

Save Soviet Prestige

Only the willingness of the Socialists and the People's party to talk about the pact saved Soviet prestige from a damaging setback. The Socialists, with 48 votes in parliament, opposed conclusion of a pact, but announced they are willing to find out exactly what Russia wants. The People's party, with 14 votes, reluctantly followed the Socialist lead.

Coupled with the 51 votes of the Communist-led People's Democrats, these two parties assured 113 votes in support of beginning talks with Russia.

But the Soviets were rebuffed when the Agrarians, Conservatives, and Liberals, who hold the remaining seats, told Paasikivi they oppose unconditionally any pact with Russia.

French Premier Retains Power

PARIS, March 6.—(INS)—The moderate government of French Premier Robert Schuman retained power today by a 16-vote parliamentary majority.

Schuman's "Save the Franc" program, on which he staked his cabinet's life, received a 301 to 285-vote endorsement in the National Assembly early today.

The vote came on a Communist proposal to repeal the forced-loan and super-tax law passed in January at Schuman's urging.

The Premier accused the Communists of seeking to gain power through "the collapse of France," and notified the Assembly that he would resign if the Communist proposal were approved.

The rookie was a hot shot in the minors, his batting put the records out of date, his fielding won the name "Retriever", he could peg a runner from the field to plate. But now he's in the big league for a tryout, it doesn't seem to be the self same thing, the pitchers seem to toss elusive curve balls that miss his bat each time he goes to swing. He's playing with the boys now, not in the minors, his name means nothing now, he'll have to play, if he would stay where things are tougher, the weather's just at 38 today.

U. N. Security Council Rejects Partition Plan

By PIERRE J. HUSS
(U. N. Staff Correspondent)

LAKE SUCCESS, N. Y., March 6.—The United States and Russia are considered today to have scored an important round for the United Nations in preventing the shelving of the Palestine partition plan.

The bitter battle in the Security Council against the discarding of the General Assembly's resolution, fought from the beginning by the United States and supported by Russia, is believed to have saved the U. N. from a stunning blow against its prestige.

Although the eleven-nation body failed to accept the Palestine partition plan as requested by the U. S., it nevertheless committed itself to recognition of the General Assembly resolution in its instructions to the Big Five group on the task to be done.

Reports His Wife Missing, Suicides

HOLYOKE, Mass., March 6.—(INS)—A young air force sergeant shot and killed himself today after he reported his wife "missing."

Sgt. John H. Selfridge, 22, of Niagara, N. Y., stationed at Westover Field, was a suicide, according to a verdict by Associate Medical Examiner Edmund J. Zielinski.

Friends said the airman grieved over the absence of his wife.

While police were searching his home and finding a note from Mrs. Selfridge, a neighbor received a telephone call from her.

She asked the neighbor to tell her husband that she was at the home of her parents in New Cambridge, Ohio, and planned to return to Holyoke within a day or two.

COLBY, KANSAS AND ALBANY, N.Y. REPORT 20 BELOW

(Continued from Page One)

KXXX at Colby, Kan., said the thermometer plunged down to 20 below there shortly after western Kansas was buried under 20 inches of snow. Lamar, Colo., reported 13 below.

Farm experts hailed the snowfall in the Kansas wheat belt as a promising forecast for a bumper wheat crop this year. They said the snowfall of inestimable value in providing much-needed moisture and protection of the seed from sharp March winds.

Sleet storm has developed over Missouri, Iowa and southern Illinois and is moving into northern Illinois, Indiana and lower Michigan.

Generally Below Normal
The weather bureau warned that driving conditions may be hazardous in some sections. Warmer daytime weather, however, is expected to melt the sleet in most areas.

Temperatures generally were below yesterday from the Rocky Mountains to the Atlantic seaboard.

The Chicago weather bureau reported the highest barometric reading for the month of March since the bureau started recording weather conditions 75 years ago. The barometer reached 30.90.

Gunther To Marry Mrs. Vandercook

Noted Author Gets License To Wed Ex-Wife Of Radio Newscaster

CHICAGO, March 6.—(INS)—John Gunther, noted author, and Mrs. Jane Perry Vandercook, ex-wife of Radio Newscaster John W. Vandercook, have obtained a license to wed in Cook county.

Gunther and his bride-to-be checked out of their Chicago hotel last night a few hours after they received their license. The hotel management said they planned to fly to New York.

The author gained his fame from his "inside" books on Europe, Asia, Latin America and the United States. He was divorced from his first wife, Frances, on grounds of desertion. The divorce was granted at Las Vegas, Nev., in March, 1944.

Gunther and Mrs. Vandercook's former husband conducted a joint "question box" period over the American Broadcasting company network in 1944.

out a hidden pistol and fired, striking both policemen.

Both Kercher and Chmelynski whipped out their guns and emptied them, wounding one of the burglars in the shoulder.

The other burglar dragged his wounded accomplice over a hill into a wooded area where police lost them in the chase.

County, state and township police joined in an all night search of the woods.

Later county detectives set up an ambush around the homes of the two men who were identified from wallets taken from them earlier.

Second Shooting
The second shooting occurred when two men, approaching the scene, were stopped by detectives. When one of them, held by a detective, darted away, County Detective Edward Burke leaped from a car and let go three blasts from a machine gun.

Detective Start and Cooperstein were wounded in the burst of shots. The burglars were finally captured after a taxi driver, who was taking them to Finleyville, became suspicious and pulled into a gas station at New Eagle, Pa., and signaled a state police car.

The burglars surrendered to state police without a struggle. State police said they were unarmed.

PRESSING SITUATION

ASTORIA, Ore., (INS)—The "Astorian-Budget" would never hire Gov. John H. Hall as its pressman, although he is an interesting worker. The governor pressed a button at dedication ceremonies of the newspaper's new tubular presses, and kept on pressing the button while photographers snapped pictures. Pressing the button increases the press-run speed cumulatively and the hardly broke-in machine was soon whizzing like the 20th Century Limited. However, the governor stopped "pressing" before any damage was done.

Marshall Will Remain At Home

Secretary of State Hopes To Stay In U. S. For Long Period

(Special To Central Press)

WASHINGTON, March 6.—Those close to Secretary of State George C. Marshall predict a long period of staying at home, ending an almost continuous globe-trotting career which began early in the war.

During World War II Marshall's movements were cloaked in the secrecy of censorship that surrounded him as Army chief of staff, but he spent much of the conflict abroad.

Afterward he yearned for retirement to his Leesburg, Va., estate, but he hardly had time to slip out of his uniform before President Truman shipped him off to China as special ambassador.

Since he has become secretary of state he has literally been on a flying carpet attending world conferences aimed at the tough task of hammering out a just and lasting peace.

In these he has struck an impasse, and those who know best say he is not likely to make any first move to break it, certainly not until some conciliatory attitude is shown by Russia and her satellites. That is regarded as a remote possibility.

However, the secretary is expected to keep speaking on the Marshall Plan wherever and whenever he finds a suitable sounding board to bring his message to the middle and far west. Thereafter, he is expected to devote greater attention to Latin-America.

Muddle in the Airways

United States aviation is in the greatest muddle in its history, with half a dozen vital decisions begging to be made at a time when the government's two key aeronautical agencies are headless.

The administrator and deputy administrator of the Civil Aeronautics Administration have resigned, and the Civil Aeronautics Board has only two members of the five needed—and no chairman. Meanwhile, nothing can be learned of President Truman's plans regarding the recommendation of his air policy commission that a new Department of Civil Aviation be established.

Even if the President decides to accept the proposal, prospects for congressional approval in the election year would be dim.

Among critical situations which need quick handling are: 1—Re-mapping the airline routes to eliminate overlapping. 2—Improved safety regulations and procedures to determine cause of accidents. 3—Federal supervision of non-scheduled airline and cargo companies. 4—Improved standards of airworthiness for transport planes. 5—The lagging airport program.

Beyond the Marshall Plan

Rep. Errett P. Scrivener (R-Kans.) suspects the Marshall Plan, as embodied in the European recovery bill, is only the beginning of future foreign aid requests.

Scrivener pointed out that "we find now that practically all of the aid to Turkey and the greater portion of funds allocated to Greece went for military aid."

The Kansan warns that he has information that as soon as ERP legislation is passed similar proposals will crop up for not only China, but Japan, Korea and other Far Eastern countries.

LACK CENTENARIANS

Harrisburg, Pa., (INS)—Centenarians are at a premium in Pennsylvania. The State Medical Society has issued a call for all citizens who have attained their 100th year to help celebrate the society's 100th anniversary this year. Census records indicate that very few Pennsylvanians have reached the century mark.

Deaths Of The Day

A. B. Blackwell

Funeral services will be conducted Monday at 11 a. m. from the Church of God in Christ at Coraopolis, Pa., for the late Elder A. V. Blackwell, aged 55, pastor of that church, who died Wednesday in the Sewickley hospital, following a long illness. The service will be in charge of Bishop O. T. Jones of Philadelphia.

Interment will be in Greenwood cemetery, this city.

Elder Blackwell was born in Kedron, Ark., 55 years ago and migrated to the east early in his life. Prior to his illness he was active in the ministry of the Church of God and had served for a number of years as pastor at the Coraopolis church, still being its pastor at the time of his death.

Surviving are his widow, Mrs. Dora Lee Blackwell, and one brother, Elder James Blackwell of this city. A number of other relatives reside in this city.

The funeral party is expected to arrive in New Castle about 3:30 Monday afternoon with short graveside services to be held.

Mrs. Elizabeth B. Dorr

Mrs. Elizabeth Bohlender Dorr, aged 79 years, Beechwood road, New Wilmington, died Friday night at 11:55 o'clock at the home of her daughter, Mrs. Edith Moffitt, with whom she resided. Death was due to infirmities of advanced age.

Born in Mercer County, February 11, 1869, she was a daughter of the late John and Elizabeth Loomis Bohlender. She was a resident of New Wilmington for the past two years, moving there from Brownsville, where she resided for 25 years. Previous to that time Mrs. Dorr resided in Grove City and vicinity. The deceased was a member of Central Presbyterian church, Brownsville.

Survivors include four children, John H. Dorr, Monongahela, Pa.; Mrs. Bertha Tucker, Pensacola, Fla.; Mrs. Edith Moffitt and Mrs. Kathryn Kerr, both of New Wilmington; two sisters, Mrs. Kathryn Shaffer and Mrs. Christine Wofford, both of Grove City; three brothers, Philip, George and Frank Bohlender, all of Grove City; nine grandchildren and five great-grandchildren.

Funeral services will be conducted Monday afternoon at 2 o'clock from the late residence with Rev. Robert P. McDonald, pastor of New Wilmington U. P. church, officiating. Interment will take place in Woodlawn cemetery, Grove City.

The body has been removed from the Sharp funeral home to the residence, where friends may call at any time.

Infant McKnight

Infant McKnight, son of Mr. and Mrs. Robert McKnight of Slippery Rock, R. D. 5, died this morning at 5:20 o'clock in the Jameson Memorial hospital.

The infant was born on Thursday, March 5. The body was moved to the Uher funeral home, Slippery Rock.

WARN AGAINST COMMITMENTS IN MARSHALL PLAN

(Continued from Page One)

berg (R) Mich., chairman of the committee, George added: "There should be no political alignments called for in this bill. If later some kind of regional pact seems advisable, let's do it with our eyes open and with a full understanding of the commitment."

"We must reserve to ourselves a final veto on the use of armed force."

Sponsor Amendment
Sen. Ball (R) Minn., and three other Republicans are sponsors of an amendment to create a supreme council of 11 nations which could decide on the use of armed force by a majority vote. Vondenberg contends this machinery, unlike the United Nations Security council, could "lead us into war" without U. S. consent.

Sen. Fulbright (D) Ark. has an amendment pending before the Senate calling for the 16 participating ERP countries to achieve "political unification" along with economic recovery. Fulbright said he was "considering" withdrawing his proposal to eliminate any possible harmful effect on the program at this time.

MASQUERADE PARTY

LONDON.—(INS)—London's police force is chuckling over the story of the two men who were arrested for trying to buy gold from a supposed black-marketeer. The black-marketeer turned out to be a police inspector. The two arrested men also were released. They too were police inspectors masquerading as black-market operators.

LUCK O' THE IRISH

PENDLETON, Ore., (INS)—Here is an Astorian Alger story with a "touch of the green." When Patrick Doherty arrived in America in 1888 he had 25 cents in his pocket. When he died at eighty years of age, recently, he was the owner of 6,500 head of sheep and 27,000 acres of grazing land.

Heavy Seas Pound Grounded Transport Off New Orleans, La.

Seek Break In Weather To Permit Evacuation Of 274 Stranded Passengers

NEW ORLEANS, March 6.—(INS)—Heavy seas continued to pound at the grounded Army transport Pvt. William H. Thomas today as officials awaited a break in the weather which would permit evacuation of 274 stranded passengers.

Radio service from South Pass at the mouth of the Mississippi river reported visibility today was better and wind and rain storms had subsided somewhat.

Many Women, Children
A 25-mile-per-hour wind and a number 6 sea, which Coast Guard spokesmen said was "a pretty high sea for transfer work," were reported also.

The grounded transport has developed a slight list—four degrees—but officers said there was no immediate danger to the ship's passengers and crew.

The passengers, mostly women and children, are dependents of

Army personnel who were being returned to their homes in Louisiana and Mississippi from Panama and Puerto Rico.

year. The new rooms accommodate those children quartered in the portables and will also alleviate crowded conditions which now exist in present elementary class rooms.

The financial end of the construction will also be gone over thoroughly at the meeting to ascertain the approximate cost of such building. Ways and means of financing the project will also be made known.

Members of the school board have already been in Harrisburg to discuss the program with members of the State Board of Education, and to secure their approval of the project.

LaSalle was the first explorer to follow the Mississippi river to its mouth.

SPRING STYLE SHOW PLANNED BY B.P.W.

Once again, the New Castle Business and Professional Women's club is planning its annual spring style show to be presented by the Strauss-Hirschberg company in the dining room of the Scottish Rite Cathedral on Thursday evening, March 11, at 8 o'clock. Proceeds will go to the Cancer Detection Center recently opened here, made possible by the Cancer Detection Center Fund initiated more than a year ago by B.P.W.

The style show will highlight the spring fashion picture and trends for summer, personnel of the Strauss-Hirschberg store to act as models and Miss Audrie R. Cromie at the piano as accompanist. Models will parade on a specially constructed runway above floor level to ensure a clear view of the showing. It is anticipated that an audience of close to 1000 will be present.

To precede the showing of styles, a musical program will be presented by a group of music students from Westminster College, with Mrs. James VanGorder as chairman of program arrangements for B.P.W.

Finance committee of the club is in charge of arrangements. They are: Miss Mary Bigley, chairman, Mrs. Evelyn Dance, co-chairman, Mrs. Mary Bradford, Mrs. Emma Dygert, and the Misses Nancy Bechtel, Lora Kautz, Mary Harward, Helen Keder, Virginia Pierson, Genevieve Riddle, Ruth Cleveland and Mary McMullen.

Mrs. Gladys Baker and Miss Bechtel will have charge of a candy booth, Mrs. Dygert and Mrs. Ora Muse of door prizes, and Miss Pierson is chairman of ushers.

B.P.W. members who will usher are: Mrs. Helen Hainesworth, Mrs. W. A. McNally, Mrs. Bruce Headland, and the Misses Helen Keder, Ruth Weir, Lucille Lutton, Jane Walls, June Gill, Mary Virginia Harris, Helen Meyer, and Jane McGraw.

Assisting the committee at the door will be Miss Florence C. Davis, Miss Dorothy Parry, Mrs. Riley L. Bolland and Mrs. James I. Vogan.

GOOD WILL MISSION PROGRAM PRESENTED

Members of the Edwards Missionary society of the First Christian church were entertained in the home of Miss Emma Patton, 714 Young street, Friday evening, with Mrs. James Dufford as associate hostesses.

An interesting and inspirational program was presented by a group from Christ Mission of Youngstown, O., under the direction of Miss Carolyn Watkins. In the party accompanying her were Mr. and Mrs. W. A. Maloney, Miss Ruth Ella Woods, Miss Muriel Watkins, and Harry Ford.

Opening with a short musical program, Miss Watkins then told of the fine work done among the physically handicapped folk of Youngstown through the mission which operates as Good Will Industries.

Following the program, there was a short business meeting.

Later a luncheon was served by the hostesses.

Mrs. Harold Dunlap, Court street will entertain the group at the April 2 meeting.

Five Arabs Are Reported Killed

JERUSALEM, March 6.—(INS)—Five Arabs were killed today when a shell blasted a building in the Palestine port of Haifa. The attack was believed the work of Jewish extremists who have concentrated their recent heavy weapon assaults on alleged Arab bases in and near Haifa. At Famagusta, on the island of Cyprus, 982 illegal Jewish immigrants disembarked and were taken to internment camps. The visa-less Jews had been shipped from Haifa aboard the British transport "Empire Ranford".

Charge Income Tax Evasions To Eight Persons

Indictments Returned in Philadelphia Accuse Shortchanging Of Uncle Sam

PHILADELPHIA, March 6. — (NS)—Income tax evasion indictments were returned Friday against eight persons accused of "shortchanging" Uncle Sam of nearly a quarter of a million dollars.

The indictments returned by a federal grand jury included a Philadelphia doctor, a dentist, and two partners in a whole sale meat firm.

Four other indictments were returned against two upstate slot machine operators, a Norristown, Pa., scrap metal dealer, and a Chester county mushroom grower.

For Four Years The eight were accused of dodging tax payments on combined incomes of more than \$740,000 between 1941 and 1945.

Those indicted were: Dr. James N. Coombs, Philadelphia, charged with attempting to defraud government of income taxes of \$47,478.

Dr. Abraham Snyder, a dentist, \$13,591.

Saverio Bonaccorso and Frank Palumbo (no relation to the prominent Philadelphia night club owner), \$26,316 and \$7,312, respectively.

Egnazio Joseph Puleo, Norristown, \$87,928.

Ralph S. Kreitz, Reading, \$42,953.

Samuel C. Spurrier, Harrisburg, \$3,957.

Frank Manfredi, Toughenamon (Chester county), \$7,710.

Kreitz and Spurrier are alleged "slot machine operators."

Warrants issued Bench warrants were issued at once by Judge George A. Welsh for the arrest of the eight men.

Bail was set at \$2,000 for Bonaccorso and Palumbo and \$1,000 for each of the other six.

Federal agents hinted that today's indictments are "just the beginning" of an internal revenue department drive against income tax violators.

Some 100 similar cases, they said, are in the process of completion for presentation to a later grand jury.

Joseph Hassen On Destroyer

Joseph Hassen, fireman first class, USN, son of Mr. and Mrs. Esau Hassen of 1124 Sciota street, is serving aboard the destroyer USS Brownson.

Hassen, who entered the Naval service in August, 1945, and received his recruit training at the Naval Training Center, Bainbridge, Md., previously served with the Seabees and aboard the attack transport, USS Gosper, and the destroyer, USS Powell.

He attended Ben Franklin Junior High school and was employed by the Pennsylvania Railroad before entering the Navy.

Third U. P. School Strives For 600 Goal

East Side Bible School Has 550 In Attendance Contest Last Sunday

Members and officers at the Third U. P. Bible school were pleased when the attendance last Sunday was 550. A nice increase was shown in all departments, and it is the hope of the attendance committee that the goal of 600 may be reached this week. Contacts are being made by the captains of the various groups and the visitation committee.

In the junior church service, of which Mrs. Horace Allen is chairman, 76 children were in attendance. These children are all under church membership age. A fine motion picture was the main feature of the service and it is titled "A Woman To Remember."

A guest soloist, boy soprano Bobby Kwiat, presented a group of beautiful numbers in the devotional period of the general assembly of the school. This assembly is a feature once a month. Miss Lillian Sarver, church organist, is accompanist for these meetings.

Department and class awards for the highest attendance of the month are made at the time of the assembly, and these awards are in the form of beautiful pictures, which are retained by the recipients as long as they maintain the highest percentage in their respective group. Those receiving pictures are:

Children's division, Junior Department; Intermediate dept., M. Reynolds' class; Jr. Young People's dept., C. Byler's class; Sr. Young People's dept., R. Strobel's class; and Adult department, Truth Seekers class.

Two classes are serving in a very special way — the J. O. Y. class, taught by Miss Helen Keder, is editing and compiling the material for the news sheet of the school, "The Beacon," and the P. A. L. class, taught by Roy Strobel, is aiding in the publicity department by mailing copies to out-of-town members, college students, home department members and all absentees.

Results to date in the various divisions are:

Division	Feb. 29	Ave.
Beginners dept.	51	55%
Primary dept.	50	65%
Junior dept.	39	72%
Intermediate dept.	50	73%
Jr. Young People's dept.	25	65%
Sr. Young People's dept.	85	55%
Adult dept.	207	60%
Teachers and Officers	48	81%
Total	555	70%

Assemblyman Brice Seeks Re-Election

Asks Republican Nomination From New Castle District To General Assembly

JAMES C. BRICE

Assemblyman James C. Brice of the first ward will seek another term as the representative from the first district of Lawrence County to the General Assembly. The first district is made up of the City of New Castle.

"I ask the Republican nomination at the primary election on Tuesday, April 27," said he. "I have served the people of my city for three terms and I submit that my service has been in their behalf at all times."

"Quite naturally there has been some criticism at some taxes which were levied. Taxes are never popular and government costs keep rising like personal costs. In seeking tax sources we sought to levy upon luxury articles wherever possible and keep the burden from the necessities of life as much as possible."

"If the voters believe I have served them faithfully I would appreciate their support at the polls. I ask the votes of Republicans on April 27."

ROT PROOFED COTTON

Mildew and other forms of rot cause such serious losses of cotton fabric every year that scientists have long been searching for ways to treat cotton against this damage. The best means discovered so far is to partially convert the fabric or yarn to cellulose acetate, similar to acetate rayon, by chemical treatment.

Partially acetylated cotton fabric doesn't change its appearance, feel or strength, yet greatly improves its resistance to all forms of rot and also improves its resistance to heat. After treatment the fabric can be dyed as acetate rayon is dyed. The laboratory has developed practical and rapid commercial methods for treating cotton this way and foresees many possible uses for it.

Cotton bags for water softening systems already are being made of acetylated fabric. In these systems the bag of softener is held in a tank of circulating water. Untreated bags rot and go to pieces in a month or less but those from partially acetylated cloth remain in good condition for more than a year.

Partially acetylated fish nets and cotton linings for shoes are now being tested commercially. Other possibilities are: fabric for awnings, tarpaulins, outdoor furniture and tents; sewing thread for shoes and other leather goods; insulation for outdoor electric wires.

Because the treated fabric has good heat resistance as well as rot resistance, it is a possibility for use in laminated insulation for buildings.

CLEAN OUT MILK MACHINE VACUUM LINE

The vacuum line on milking machines, a part of the mechanism likely to be neglected, needs cleaning every 3 or 4 months.

Clean lines contribute to better quality milk. Machines perform better and less udder trouble develops. One-half can of lye dissolved in 2 gallons of hot water serves as a good cleaning agent.

Wooden pails are needed since lye is corrosive, and care must be taken to keep the solution off the hands and clothing.

Pump the solution through the first stall cock nearest the pump. Empty and proceed to clean each succeeding dock in the same way. Then rinse the line with clean, hot water.

FARM SAFETY EQUALLY IMPORTANT AS INCOME

Safety should be made a definite part of every farm program. A little time spent in the correct and elimination of barn hazards can be a good investment—and just as important as the growing of crops.

Loft doors, feed chutes, ladders, and stairways are unsafe in many barns. Good barn floors are smooth and solid. A fresh air inlet to the ventilation system on the stairs is a good way to keep them dry.

Good lighting, with switch controls at entrances, is a big safety factor around work centers and in passageways. Unlighted corners always have an element of danger. Obstructions, such as feed, stools, harness, feed carts and other obstacles, have no place in alleyways. Forks, scrapers, and other barn equipment are safe when not in use if kept in their proper place.

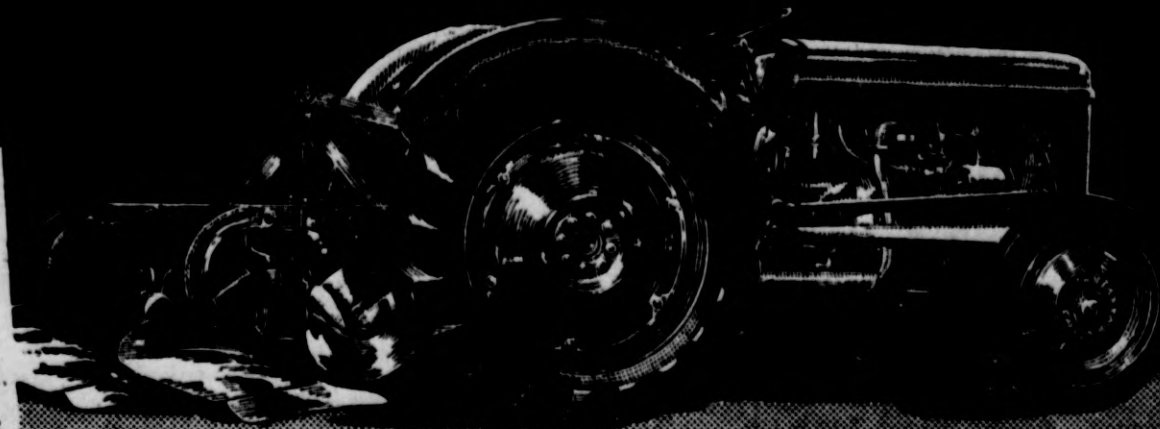

Smoking and careless handling of matches, gasoline, kerosene, and lanterns only invite danger, or possible death or injury.

THE NEW FERGUSON TRACTOR

MORE POWER
MORE SPEEDS
AUTOMATIC HYDRAULIC OVERLOAD PROTECTION
HYDRAULIC IMPLEMENT CONTROL
FRONT WHEEL TREAD ADJUSTABLE

No other tractor combines ALL these features

Beginning... another great era in power farming!

A Great New Farming Machine to help you cut the costs of food production still more! A powerful, rugged tractor with many new high-performance features designed from the experience of over 300,000 Ferguson System users. Stepped-up power lets you walk away with two 14-inch plows—with reserve for the tough spots. You can brake both wheels with a single pedal, or use the individual brake pedals for turning. And many other improvements for greater safety, economy and convenience.

A Miser on Fuel! Powerful Continental valve-in-head engine, combined with the weight-saving and automatic traction control of the Ferguson System, gives you more work from a gallon of fuel than you ever dreamed possible! High-torque design to give you amazing lugging power at low engine speeds. Responsive governor, fully enclosed from trash and dust. High-efficiency cooling fan and removable "wet" sleeves with full-length water circulation. An engine built to "take it!"

A New System for Low-Cost Hauling with revolutionary method of linking trailer to tractor. With this new Ferguson System of transportation you can haul loads of 3 tons or more out of soft fields, up steep grades, on slippery roads or over rough ground. On countless farms, located at average local market distances, this latest Ferguson invention slashes costs of hauling farm products—a revolutionary new solution to your farm transportation problems.

Only the Ferguson System, invented, perfected and patented by Harry Ferguson, and authorized only for use in the new Ferguson Tractor, gives you all five of these big advantages: 1. Penetration without excessive implement weight. 2. Both finger tip and automatic hydraulic depth control. 3. Traction without excessive built-in weight. 4. Keeps the tractor's front end down. 5. Automatically protects both implement and tractor when the implement strikes an obstruction.

Half-Way Mark In Sunday School Campaign Passed

Fifth Sunday In Contest Of 75
Schools To Be Reached
Tomorrow

Tomorrow, Sunday, March 7, is the fifth Sunday of the eight-week pre-Easter increase campaign, in which 75 Sunday schools are participating under the sponsorship of the Lawrence County Sabbath School Association. The half-way mark has been passed in this constructive effort to register gains in Evangelism, Sunday School attendance, church attendance and Bible study, and the results to date have been encouraging.

Weather conditions affect attendance to a certain extent, and as Easter is early this year the weather conditions on Sundays have been moderately fair to date. As Easter draws nearer, it is reasonable to assume that the weather will be more spring-like, which will mean larger attendances and in all probability, a record-breaking attendance Easter Sunday.

Starting Tuesday next week the percentage standings for the participating Sunday Schools will be published, after the Sunday schools are classified, based on their average attendance figures for last year. Some of the Sunday schools have already accumulated a good number of points, and will have a substantial percentage figure for the fifth Sunday.

In the country districts, outside of New Castle, some of the Sunday schools have been affected by road conditions, especially when there has been snow. This condition will improve as the campaign progresses. Also in the country Sunday schools the problem of good church attendance for the morning worship service by those at Sunday school, does not exist as practically all remain. The church attendance, however, has been generally good for both city and country churches.

Gospel Tabernacle Services Will Get Under Way Sunday

Evangelistic services will open Sunday morning at 11 o'clock in the Alliance Gospel Tabernacle, 210 Pearson street, with Rev. W. H. Brand, singing evangelist of Fort Wayne as the speaker. The services will continue nightly at 7:30 with the exception of Monday evening until Sunday, March 21.

Rev. Brand, who has had wide experience in the evangelistic field, comes to the district as no stranger, as he and his wife have conducted meetings at the Castlewood Alliance church. Mrs. Brand will follow her husband here in a few days and both will be heard on the program, in vocal and instrumental selections.

Prayer services have been conducted in the church homes the past two weeks in preparation for the revival services.

Rev. LEPPALUOTO ON
MINISTERS' HOUR

Rev. E. Leppaluoto, minister of Trinity Lutheran church, will conduct the New Castle Ministerial hour over local radio station WKST Sunday afternoon, March 7, at 2:30 o'clock. Appropriate music will also feature.

'AND A LITTLE CHILD SHALL LEAD THEM'

To look at the world through a child's eyes . . . to love as sincerely as a child does . . . to think with a mind as free from prejudice as a child's . . . is perhaps the happy solution to the future upon which we so often ponder. The faith of a child is the faith and love taught in our churches. Renew your faith. Attend church and Sunday school services regularly and seek solace, comfort and guidance from the teachings of our Lord.

Indian Family At Church Of Nazarene

The Claus Indian Family, a consecrated Gospel group will open a series of meetings in the Church of the Nazarene, Falls street on Sunday morning. It is announced by the pastor, Rev. George Sarber.

The group will be heard at 11 a. m. Sunday and in the evening, will be presented at the Calvary Gospel Tabernacle on the East Side.

Starting next week at 7:30 each night, the group will return to the Nazarene church for the special series of meetings. Rev. Sarber will be speaking nightly during the series. The evangelistic party has recently returned from a successful series in Florida.

Dr. Bennett Back In Pulpit Sunday

Following a much needed rest at Orlando, Fla., Dr. G. S. Bennett, pastor of the First Christian church, will return to the city and will fill his pulpit again on Sunday morning.

Dr. Bennett will be heard at the 11 o'clock hour in the church on the theme, "What Is Your Life?"

The church choir under the direction of Mrs. Kathryn Neale Allen will sing.

For some time, Dr. Bennett has been ailing in body and a complete rest was prescribed. His vacation in Florida has been beneficial to his health and has brought him back to the city much stronger in body.

Sunday Rally At South Side Mission

A Christian rally will be conducted at the House of the Lord Mission, West Reynolds street, on Sunday afternoon at 2:30 o'clock, with Bishop H. P. Heisey of Louisville, O., as speaker. Rev. Heisey is overseer of the Northern Ohio district of the Brethren in Christ.

Jess Latoria is in charge of the service.

Services To Close At Pilgrim Church

Evangelistic services which have been in progress nightly at the Pilgrim Holiness church, Neshannock avenue, will come to a conclusion with three services Sunday. Mrs. Belle Bartee of Sciotoville, O., has been the speaker and has been aided in the song

services by her husband who sings and directs the congregational singing.

The series has been sponsored by the young people of the church. Mrs. Bartee will preach at 11 a. m.

Sunday, speak to the young people at 6:30 p. m., and bring her life story at the 7:30 hour in the evening. A service will be held to the church at 7:30 o'clock this evening.

Arrested Man Says \$338 Missing From His Wallet

John L. Berg of 530 North Main street, Butler, today pleaded innocent before Alderman Kennedy, to a charge of driving a car while intoxicated at 1:50 a.m. today in Moravia street.

He was arrested by Policeman James Brown. The charge was made by Police Chief Robert D. Hanna. Berg gave bail before Alderman Jesse Kennedy for court trial.

When searched at headquarters, a certified check for \$15,000, and some foreign coins, were found in his wallet. However, Berg complained that \$338, in bills, was missing from his wallet.

Questioned by Police Chief Hanna, Policeman Brown denied any knowledge of the missing money. Pending the outcome of the inquiry, the chief reported he had suspended the officer.

Berg had the \$15,000 certified check to be used in the purchase of equipment from the federal government, his attorney reported.

Sharon-Oil City V.A. Offices To Be Closed Soon

SHARON, Pa., March 6.—Sharon and Oil City offices of Veterans' Administration will officially close March 31 unless there is a change in present plans.

Alvin R. Guyler, regional Veterans' Administration supervisor of Pittsburgh, says the two offices and Charleroi branch are being abandoned to reduce expenses.

Under plans the business will be directed through New Castle and Meadville offices.

The Provincetown Playhouse, New York, was one of the earliest art theaters in the country. It was founded in 1916.

NEW CASTLE MAN'S TRUCK FIRE DAMAGED

DeWitt Jones of this city escaped injury when the truck he was driving caught on fire during a trip he was making Thursday in the vicinity of Mercer.

According to Jones, the fire broke out shortly after he pulled the large truck to the side of the New Wilmington-Mercer road after he was unable to continue due to icy pavements. The flames which were extinguished by the Mercer Fire department caused \$4,000 damage to the truck and cargo.

The flames were extinguished, however, before they spread to six tanks of stored gas located near the scene of the fire.

Special Program Planned Tonight At Youth Meeting

Service Planned At Central Presbyterian Church On The Diamond At 8 O'Clock

New Castle Youth for Christ will meet again this evening in a temporary location until heat can be turned into the First Baptist church, regular meeting place of the youth rallies. The Central Presbyterian church has been secured for the service with the meeting scheduled at 8 o'clock, in the Public Square meeting place. A dual program has been arranged for the evening youth rally when Rev. Willis H. Brand of Fort Wayne, Indiana and The Claus Indian Family of Coudersport, Pa. will be presented. Both are highly talented and will present a fine musical program.

Rev. Brand is in the city conducting evangelistic services which will open Sunday, while the Claus family will remain over next week to hold services in a downtown church.

Rev. Howard Sartell will direct the program, with Rose Bender presiding at the piano. Plans are being made to receive Walter Haman, former secret service agent who will be the speaker next week at a meeting place to be announced.

President Truman's Former Body Guard To Speak In City

A series of meetings of special interest will open in the Calvary Gospel Tabernacle, Vogan street, Monday evening, when Walter A. Haman, of Washington, D. C., former bodyguard to President Harry S. Truman and the late Franklin D. Roosevelt will be heard.

On June 20, 1946, Mr. Haman resigned as bodyguard to President Truman, to enter full-time Christian service and since his resignation, he has been used in Christian work in many places. Mrs. Haman accompanies her husband and plays special music on the piano, solovox, clarinet, saxophone and vibraphone.

During the services, pictures are shown of many of the late President Roosevelt's tours throughout the world when Mr. Haman served as his bodyguard. The pictures are especially attractive to the young people.

Sunday evening the Claus Indian family will be heard in the church at 7:30 o'clock.

ELMER DELANCY

One of the most interesting jobs held in the New Castle school district is that of Elmer Delancy, psychologist of the public schools system, whose job it is to test and interview thousands of students each year.

Mr. Delancy is well equipped for his position. He was born in Parkers Landing, Armstrong county, August 18, 1903 and took his early schooling in that city, being graduated from Fairview Township high school near Karns City. He subsequently attended Clarion State Teachers college, the University of Pennsylvania and took his master's degree at Penn State, where he did considerable post-graduate work in his chosen field. He also attended special sessions at the University of Pittsburgh. He entered into the teaching field at Clarion, California Teachers and Geneva college, serving as an instructor in psychology at summer schools and at the present time is a part-time instructor at Westminster college.

Working with Grades 1 through 12 throughout the school year, Mr. Delancy has come to know the boys and girls pretty well, and is able to discern them in pupils that few people recognize in them even when working with them over extended periods of time.

Came Here In 1927
Coming to New Castle in 1927, the school psychologist began as a teacher in the North street school, which was then a junior high, moving to George Washington in 1929. He worked there for 11 years and then was transferred to senior high in 1940, remaining

at his duties there until 1942, serving as guidance counselor. The position of public schools psychologist was created in 1942 and Mr. Delancy was chosen for the job.

His position allows him to move in and out of the schools giving intelligence tests, interest tests, achievement, aptitude and personality examinations. Tests are given to classes and individuals. Several thousand pupils are tested yearly in the classes while 2,919 individual exams have been given since 1942 by Mr. Delancy. Each individual test takes one hour. Only the principals and the teachers know when the tests are coming, as this information might upset the pupil and injure his chances at high marks. A schedule of the proposed work for the year is presented to the superintendent of schools.

Uncover Faults
Tests given in the lower grades determine why the boy or girl is not getting along well. This may be due to a mental deficiency and at other times it may be contributed to laziness. The results of the tests give aid in determining what measures the teacher must take in assisting the pupil to progress in his subjects. In the higher grades aptitude tests determine in what vocation or profession the pupil will excel when he leaves high school to take up his life work or further his education.

In Mr. Delancy's office are thousands upon thousands of tests that are used each year along with other equipment needed to make these various comparisons in young lives. The tests are obtained from many publishing houses and only the best are used to measure the capabilities of the boys and girls.

Mr. Delancy is married to the former Myrna Stitzinger of New Castle and is the father of three children. Robert, 19, is a university student, Virginia, 17, is in senior high school, and Marjorie, 13, is at George Washington junior high.

The school psychologist is a member of the Epworth Methodist church and takes an active interest in the work there, teaching a Bible class each Sunday.

More than 300,000,000 pounds of fish and shellfish are landed annually to east coast ports in the U. S., from Rhode Island to Virginia.

today I decided to be a teacher—

The ability to teach is a special skill. A good teacher has a gift not only for projecting knowledge, but for cultivating wisdom—for developing in others not only the ability to remember, but to think. Such a gift is among the really great talents with which a human being can be endowed.

Today there is a desperate need for more fine teachers. Those who decide to teach know well that the work is exhausting, that working conditions are not ideal, that thousands are leaving the profession, discouraged.

But they know, too, that more and more communities and states are taking decisive action to make teaching more attractive. And they know that guiding

the development of young people toward a better future carries a deep reward of its own, rich in special satisfaction.

Help Make Teaching More Attractive in Your Town

You can help attract teachers to your community by doing these two things: 1. Check up on educational conditions in your local schools; 2. Back up and work with organizations seeking to improve teachers' working and living conditions.

Your children need more teachers . . . you can help provide them by helping to improve educational standards in your community.

Canadian Government Is Sealing Borders Against Alien Flow

OTTAWA, March 6.—(INS)—The Canadian government was disclosed Friday to have sealed its borders against a reported flow of alien communists from the United States into the dominion.

The government has quietly launched a campaign of its own, under existing immigration laws, to deny entry to anyone opposing organized government or advocating the overthrow of the Canadian government.

Border guards have been instructed to halt anyone who is "affiliated with any organization entering or preaching beliefs in opposition to organized government, or who advocate the overthrow by force and violence of the government of Canada."

Private sources in Ottawa said the government's decision to tighten its border regulations stemmed from the fact that a number of alleged alien communist labor leaders in the United States have moved to the dominion.

Rowland Announces For Delegate Post

Lawrence County Republican Chairman Candidate For National Delegate To Convention

ROGER W. ROWLAND

Roger W. Rowland, chairman of the Lawrence County Republican committee today announced himself as a candidate for one of the two places as a delegate to the Republican national convention in Philadelphia in June. The 25th Congressional district (Beaver-Butler-Counties) is entitled to two delegates and two alternates to the convention.

"The 1948 convention in Philadelphia will be one of the most important since the Civil War," said Captain Rowland. "The indications over the entire country are that people of the United States are weary of promises, of reckless spending, of muddy thinking and unsound planning. The time for a change in the national administration has come."

"The seriousness of our own domestic affairs and the troubled international situation means that the United States must select as a president a man of courage, a man of ability, a man of vision. Hence the decision of the delegates to the Republican convention becomes more than ordinarily important this year."

"I am a candidate for one of the two posts as delegate from the 25th congressional district. I believe our Pennsylvania delegation should go to the convention uninstructed in order that the delegates may be free to use their best judgment in selecting the best candidate."

"While the post as delegate carries with it no compensation whatever, it is a post that entails responsibility and judgment. Upon the judgment of the Republican convention in June will probably rest the selection of the next president of the United States. I ask the votes of all Republicans in the 25th district at the primary April 27."

Petrillo Forces Charlie Barnet To Leave Night Club

Musicians Head Moves In Retaliation Against Night Club Owners

LOS ANGELES, March 6.—(INS)—President James C. Petrillo of the American Federation of Musicians has moved against Harry Schooler and his Mardi Gras ballroom by ordering Charlie Barnet and his orchestra out of the night spot.

Barnet opened at the Culver City night spot a week ago and had three more weeks to play.

Petrillo's move last night was in retaliation for the decision by Schooler and his two partners, Joe Zucca and Harold Lewin, to employ non-union bands in two other dance halls they operate and to make records with the non-union bands in defiance of Petrillo's recording ban of last January 1.

Lionel Goodman's non-union 17-piece orchestra and the Gene Keene quartet replaced Barnet on the bandstand at the Mardi Gras to play for a fairly large crowd. Goodman and his musicians are former AFM musicians who resigned from the union when jobs were not forthcoming.

The records will be made in the ballroom Monday and will be distributed nationally, especially to jukebox operators, Schooler said.

Girl Scout Camp Date August 1-14

Day Scout Dates Yet To Be Determined; Mrs. Richard H. Gilmore Camp Chairman

Established Girl Scout Camp during the coming summer will begin August 1 and extend through August 14. Dates for day camp are yet to be determined and will be announced later.

Mrs. Richard H. Gilmore has been appointed Girl Scout camp chairman by Mrs. Paul Forcey, commissioner of the Girl Scouts of New Castle, Inc.

Members of the camp committee are: Miss Maxine Bigley, Mrs. A. H. Borland, Mrs. Frank Bower, Mrs. R. C. Dickson, Mrs. R. H. Druschel, Mrs. Reuben Elliott, Mr. Albert Genkinger, Mrs. Donald McGrew, Miss Emily Rice and Miss Mildred Lusk.

Next meeting of the camp committee will be Tuesday evening, March 9, from 7:30 to 8:30 in the Girl Scout office.

Y Business Girls Plan For Dinner

YWCA Business and Industrial Girls will hold their 21st Annual World-Wide Observance dinner next Tuesday, March 9 at 6:30 p. m. in the YWCA Green Room.

Many greetings are being received from business girls in YWCAs around the world as well as from cities in Pennsylvania and other cities in the United States. Some of these will be read at the dinner of Betty Haman and Greetings Committee of which she is chairman.

Rev. James A. Gaiser will speak on "World Citizenship in the United Nations." Esther Gibbons will lead group singing accompanied by Mrs. Scott Richards. Corinne Garside will give the worship service prepared by the National B. & P. Assembly. It will close with a Spiritual "Jacobs Ladder" sung by Otha Jackson. The New Castle program was planned by joint committee, with Mary Virginia Harris chairman.

The dinner committee Juanita Jarvis chairman, reports that dinner registrations may still be made Saturday and Sunday by calling the YWCA.

New Army Films Available Here

Two new Motion Picture Films have been received at the local US Army and US Air Force Recruiting Station according to information received from M/Sgt. Charles P. Walsh NCO in charge of the local installation located in Room 202, Post Office Building. These films are to be used for showing to civic and veteran organizations, or any other group that desires to have this entertainment provided for meetings.

The new films are "Sky Blitz", running time 26 minutes; and "Westward Is Bataan", running time 45 minutes.

Since these films are for the use of the general public, any organization desirous of using one or more of them for a gathering should contact M/Sgt. C. P. Walsh at the above address and request the film or films desired, and state whether or not a projector, and operator will be needed.

SUBWAY FIRE QUELLED
NEW YORK, March 6.—(INS)—A spectacular three-alarm New York subway fire which forced the re-routing of two subway lines serving thousands of commuters, was brought under control shortly after noon today.

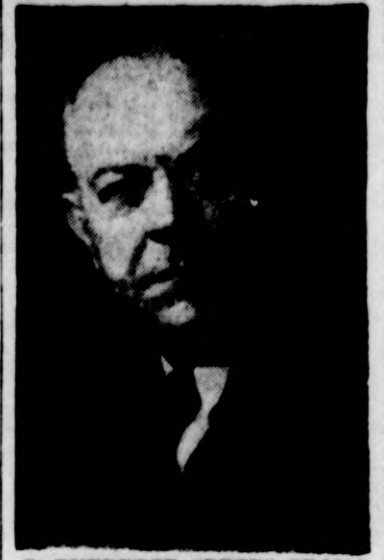

The blaze destroyed three cars of a six-car work train before firemen, wearing gas masks because of the dense smoke, finally put it out.

Butler Business Man In Race For Delegate

C. Everette 'Pete' Spang Seeks Republican Delegate Post In April Primary

C. EVERETTE "PETE" SPANG

C. Everette "Pete" Spang, vice president of Spang and Company, manufacturers of well drilling tools in Butler, today entered the race for delegate to the Republican national convention in June. He asks for one of the two delegate posts in the 25th congressional district.

Following his graduation from Rensselaer Polytechnic School, Mr. Spang entered business in his native city of Butler. His interest in Republican politics has been that of a citizen willing to serve without compensation. At present he is the state committeeman for his party from Butler County.

He has been active in many civic ventures in Butler County, among them the Chamber of Commerce, Recreational Committee, Guidance Clinic and Youth Council.

Said Mr. Spang, "Because I have confined my activities largely to Butler County, perhaps my acquaintanceship over the 25th congressional district is not as large as I would like it to be. I am in the hands of my friends. I believe I am qualified to represent our district as a delegate to the national convention and ask the support of the Republicans in the district in the primary of April 27."

"I fully realize the importance of the 1948 convention and if chosen as a delegate am prepared to devote whatever time and energy necessary to the position."

Union Twp. Civic Group Has Meeting

Fire Hydrants To Be Installed In Township; Forrest Farringer Elected Treasurer

At Union high school, members of Union Civic and Athletic Association, met recently, with President Dan Radabaugh, in charge.

A report on fire hydrants was given by Lou Kreuger of the Water company, and Forrest Farringer. It was stated that fire hydrants have to be installed where there are six inch water mains. There are several of these in the township, and fire hydrants will be attached to these, as soon as new water mains are made available.

Bert Taylor and Art Pearce gave a report on the minstrel show. The association accepted with regret the resignation of Julian Miller, as treasurer. He leaves for New Brighton soon, where he has accepted a new position. Mr. Farringer was elected to serve for the balance of the term.

After adjournment of the meeting, the ladies of the organization, served a tasty lunch to the group.

Next meeting of the association will be Wednesday evening, April 7.

Youngstown Plants Burn

Official Estimate Loss In Fires At Near Million Dollars

YOUNGSTOWN, O., March 6.—(INS)—Two plants of the Trumet Industries, Inc., at Youngstown were destroyed by fire today.

Two explosions rocked the main building and tore off the roof. Thirty employees in the plant at the time escaped injury.

Seven fire companies from Youngstown and surrounding towns fought the blaze and prevented it from spreading to a third building.

Company President Marvin L. Its estimated the loss at one million dollars. He also announced the plant would be closed for several months, forcing the layoff of 350 employees.

The company manufactures chrome trim for kitchens and metal tile.

AUTO FIRE

Fourth and Fifth ward companies were called to the home of George Hicks, of 704 Arlington avenue, at 3:16 a.m. today, when a short in the wiring of his auto, set fire to grease around the motor. No damage resulted to the car, and no action was taken by firemen.

Books Forum Has Excellent Start

About twenty persons participated in the first of the series of the Great Books Forum, conducted Friday evening in the Free Public Library.

Herman Green as leader of the evening, discussed More's Utopia, and the response and interesting period which followed was gratifying and assures the continuation of the discussion of literature classics.

It was decided by the group to meet hereafter, every first and third Thursday of the month. The classic to be reviewed will be announced prior to the meeting night.

On March 18, the group will meet at 7:30 o'clock, and Attorney Joseph Letta will be the leader. Henry Commager's article published recently in a magazine, "Who Is Loyal to America?" is the subject to be discussed that evening.

Churchill Warns Of New War Menace

LONDON, March 6.—(INS)—Winston Churchill warned today that the "menace of a third World War rolls toward us with every act of Russian imperialist aggression and Communist violence and intrigue."

Churchill issued his warning in a letter urging Croydon voters to support Fred Harris, the Conservative candidate, in a forthcoming special election.

The former Prime Minister said that a Conservative victory would be "proof of reviving British strength and moral purpose."

Former Czech Envoy Confident Country Will Be Free Again

NEW YORK, March 6.—(INS)—A prediction that "there will again be a free Czechoslovakia" was voiced today by Dr. Juraj Slavik, former Czech envoy to the United States who resigned last Wednesday after the Communist coup.

The ex-ambassador said the Communist seizure of power surprised democratic leaders in his native land because "they didn't believe it could happen in Czechoslovakia."

Dr. Slavik last night addressed a meeting of the American-Czechoslovak society to celebrate the 98th anniversary of the birth of Thomas Masaryk, founder of the Czechoslovak republic.

Around Hollywood

HOLLYWOOD, Mar. 6.—(INS)—The flimsy nightgown has a permanent place in the unadorned story of Hollywood. Along with the Mack Sennett bathing suit, Bettie Lamour's sarong, red flannel undies and grandma's bustle.

Many of the screen's most memorable moments have centered around the familiar frilly nightgown. Ever since the days of the peep-show arcades, milady's snoozing habits have provided food for dramatic thought to the movie-makers.

Theda, Pola Led Way

Sirens like Theda Bara and Pola Negri helped make early cinema history interesting and revealing with their bedtime wardrobe.

When Cecil B. DeMille, the grand sachem of the custom spectacle, focussed the camera on Nero's time to film "Sign of the Cross," he draped Claudette Colbert seductively in a Roman nightgown.

Since she portrayed the wife of the world's best-known fiddler, Miss Colbert has thoroughly trouped her way through the negligee section of women's wear. Her latest nightgowned performance was made on a balcony under a hypnotic spell in "Sleep My Love."

Remember when Greta Garbo sighed herself into the hearts of the fans as the fragile flower who took to her bed and nightie in "Camille?"

Same Old Lure

Jean Harlow, the platinum blonde, and Clara Bow, the titian-tressed "It Girl," never looked more appealing to the cash customers than when doled up for sleepy time.

Modern day glammer queens also take leave to put their best Miss Colbert on to their nightgown scenes. Olivia DeHavilland's performance in an old-fashioned cotton nightie in "To Each His Own" won her an Oscar as the best actress of 1946.

Her sister, Joan Fontaine, also holds high regard for the robe-denut when registering grand passion on the screen. She sports her latest boudoir wardrobe in the yet to be released "The Emperor Waltz," which discloses, among other things, how the court ladies of Franz Josef's era dressed when they hit the hay.

(The same flicker shows off Bing Crosby's dimpled knees in a pair of Alpine britches.)

Black Lace Number

Paulette Goddard, who has an astute noggin on her shapely shoulders, made telling use of the nightie on numerous cinematic occasions.

The black lace number Paulette carried through the shot and shell of Corregidor in "So Proudly We

Italian Mothers Club

Members of the Italian Mothers club met in the Green room of the Y.W.C.A., Thursday evening at 7:30 o'clock, with Mrs. Louis Fusco in charge of the worship services.

Mrs. Theodore Roman, president, conducted the meeting. Contests were played, prizes being distributed to the winners.

A dainty lunch was served by Mrs. Theodore Roman, Mrs. Philip Ross and Mrs. Josephine Mangine.

March 18, is the next meeting, hostesses: Mrs. Vito Colella, Mrs. Pat Peluso and Mrs. Louis Fusco.

ATTACKS TAXI OPERATOR

Henry M. Decker, Yellow cab taxi operator, reported to police that at 3 a. m. he was attacked by a man whom he had driven from Moravia street and Long avenue, to the Public Square. He ordered the man from the cab when he said he had no money to pay his fare. The man dragged Decker from the cab and punched him in the eye. Police advised the operator to file an information against the man, when found.

Business Gain Shown In City During January

Bureau Of Business Research Of Penn State Makes Report On Conditions

While general business in leading industrial areas of Pennsylvania gained four per cent from December to January, retail trade showed a decline, the Bureau of Business Research of the Pennsylvania State college reported today.

A small gain in retail trade in January over that of a year ago was indicated on a dollar basis, but on a physical unit basis the loss also was reported.

New records for the month, however, were reported for postal receipts, telephones, bank debits and factory payrolls. New car and truck sales were the best since 1941, building contracts were the greatest since the late 1920's, and building operations in leading cities were the best in recent years, no comparable figures going back farther than 1940.

Life insurance sales were also the best since before the depression, no data earlier than 1936 being available. New passenger car sales, while the highest since 1941, were still nine per cent under those of that year.

Based on bank debits, factory payrolls and industrial power sales, general business in leading areas of the state was up nine per cent from that of January, 1947. The following areas showed the percentage of gain indicated: Allentown, 23; Altoona, 5; Bethlehem, 10; Easton, 13; Erie, 25; Harrisburg, 18; Johnstown, 18; Lancaster, 7; New Castle, 12; Oil City, 8; Philadelphia, 3; Chester, 9; Pittsburgh, 13; Reading, 12; Sharon, 29; Wilkes-Barre, 16, and York, 5. Losses reported were Scranton, 1 per cent, and Williamsport, 5 per cent.

The United States granted 47 million acres of land to the Northern Pacific railroad company to aid in building the road.

U. S. AND SPAIN MAY START TALKS

PARIS, March 6.—(INS)—The Paris newspaper France Soir said in a copyrighted story today that the United States and Spain soon will begin negotiation of an economic agreement.

France Soir said that America may grant aid to Spain, including military supplies, if the monarchy is restored.

Communists Fight Deportation Case

NEW YORK, March 6.—(INS)—Federal Judge William Bondy is expected to make a decision today on habeas corpus petition filed in deportation proceedings against three alleged alien communists.

Judge Bondy yesterday rejected a petition filed in behalf of Gerhardt Eisler, but he agreed to consider similar pleas by the other three men being held at Ellis Island.

Eisler, who has been called the No. 1 Soviet agent in the U. S., was ordered returned to Ellis Island to await deportation proceedings.

Those awaiting decision on their habeas corpus pleas are John Williamson, labor secretary of the communist party; Charles A. Doyle, regional director of the CIO United Gas, Coke and Chemical Workers, and Ferdinand Smith, secretary of the CIO National Maritime Union.

The four men had been engaged in a hunger strike at the immigration center in protest against their detention without bail.

Chinese Laundryman Wounded By Bandits

PITTSBURGH, March 6.—(INS)—A Chinese laundryman was near death today after he was shot by two bandits while resisting an attempted holdup.

Harry Hing, 56, victim of three previous holdup attempts, was struck by three bullets after he left the home of a friend he had gone to discuss his income tax statement.

Police captured the alleged bandits who were identified as John Sanders, 35, and his cousin, John Markunas, 27.

Wampum Defeats Union, 53-42 For Tourney Honors

Indians Capture Second Tourney

Fifth Annual Tri-County Toga Worn By Hennonmen, King And Miller Lead Way To Victory

Wampum High's Indians went war-hoop crazy last night at the Wampum High floor to capture their second Tri-County championship in five years. They staged a surprisingly heavy offensive attack that battered the Union High Scots 53 to 42 in the tourney finale before a crowd that jammed the Wampum High gym.

Just by way of refreshing your memory, the Wampum High team won the first Tri-County tourney staged, at the Union High gym back in 1943. This is the first appearance in the tourney for Wampum since that time the Indians always being busy with WPIAL playoffs.

Given Beautiful Trophy

Following the stunning Wampum win last night Ed Thompson of Mars, president of the Tri-County Association stepped to the center of the floor and presented a beautiful trophy to the 1948 champions, and gold basketballs to the players on the Wampum team. Runnerup medals were given the Union High players, and consolation medals were given to the Mt. Jackson players for defeating Zellenople last night 47 to 37 in the consolation game.

Willie King and Johnny Miller were the big guns in the Wampum offensive attack last night with 19 and 13 points each for a total of 32 of the 53 points. Wampum missed the services of Armatorio who was ill and had to miss the final game. Plishaw and Presnar paced the Union team scoring with 12 and 10, respectively.

Loss Three Stars
Wampum led the first period by a score of 12 to 5, and at the half had a solid lead at 30 to 16. Union won the third period 11 to 9, trailing 38 to 27. Wampum again turned on the heat in the final.

The game last night marked the final appearance of the following stars on the Wampum team—Ed McMullin, "Red" Mohr and Orrin Vance. Wampum kept the Union team bottled up all evening. Peterson the Union scoring star all year was held to a lone field goal.

JAMESON BREAKS SCORING RECORD

Pulaski Star Cages 44 Points Against New Kensington Thursday

Carl Jameson, former East Brook High star, now playing with the K. Pulaski "Big Five" and East Brook Boosters, broke the Lawrence County scoring record in a game at the Pulaski floor Thursday night, caging 44 points in a sensational manner as the Gonet Five tripped New Kensington 82 to 40, for their 22nd victory of the year. Jameson had 20 field goals and six fouls in amassing his staggering total, to beat the record of Billy Andrews (40) points last year, and the 35 that Mike Ringer made at East Brook recently. Jameson was a "ball of fire" all evening, as he made shot after shot with seemingly little effort. Ferguson of the visitors tried to keep pace and made 24.

In the preliminary game the Pulaski Cubs trimmed the Khat All-Stars 46 to 20. The Pulaski "Big Five" will go to East Liverpool for a tourney opening round game Tuesday. Coach Al Gonet stated, Sunday the Pulaskis are playing at Ford City.

Falcons To Play Greenville Five

The Polish Falcons to keep in trim for the big annual series with the K. Pulaskis will tangle with the Greenville VFW team at the Falcon Hall Sunday afternoon at 3:15 o'clock. There will be a preliminary game at 2 o'clock with the Falcon Reserves meeting a strong opponent.

Still Room For Tourney Teams

Gus Slovinsky, announced today that there is still a few vacancies in the Optimist Club senior basketball tourney at the Washington High gym, starting on March 22. Jimmy Dart at the "Y" is handling the entries. Dale Clobus is the general chairman of the basketball tourney. No more than 16 teams will be entered.

Giants-Indians Open Exhibition Games In Majors

Clash This Afternoon In Arizona; Most Other Clubs In Action

(By International News Service)
Baseball-hungry fans were looking forward today to their first 1948 box scores, coming up after this afternoon's exhibition game between the New York Giants and Cleveland Indians at Tucson, Ariz., and to be followed by major league returns from Los Angeles.

Few regulars will see action in these inaugural contests, but to frozen diamond enthusiasts in other sections of the country anything at all will be like a breath of spring.

Clubs in Florida also prepared to swing into action over the week-end. Late developments included the signing of Southpaw Harry (the Cat) Brecheen with the St. Louis Cardinals. Brecheen received a nice increase over his 1947 salary, which was believed to be \$15,000.

Pitcher Red Embree, obtained from Cleveland, amazed the New York Yankees by his sizzling speed at the St. Petersburg camp. Manager Bucky Harris of the Yanks was emboldened to say that he has a better club than the Boston Red Sox, man for man.

The veteran Arky Vaughn, reporting along with Cookie Lavatetto at the Brooklyn camp in the Dominican Republic, was informed by Manager Leo Durocher that he may be used in the outfield this year.

Another old-timer, Augie Galan, showed up for duty at the Tampa camp of the Cincinnati Reds.

On Sunday, the Reds face the Detroit Tigers, whose manager, Steve O'Neill, is squawking that his pitchers are not ready because of this year's late start.

Johnson Bronze Boys' Club Will Be Formed At 'Y'

The Johnson Bronze company will sponsor a boys' recreational club at the Y. M. C. A. This announcement was made today through J. Preston Flaherty, president of the firm, and Joseph Daugherty, president of the Employees' association. The first meeting to organize the club will be held Thursday, March 11, at 7:30 p. m. in the association building.

Some 78 boys, all sons of the Johnson Bronze employees, have already joined the club. It was stated, Paul Cuba, Sr., and Ernest Hawk are on the committee for the organization of the unit.

The club will hold their meetings and pursue their recreational activities under the sponsorship of the Y. M. C. A. David Gatrall, boys' work secretary, will supervise the club.

Lesnevich Puts Billy Fox To Sleep In First

(International News Service Sports Editor)

NEW YORK, March 6.—After scoring the most spectacular victory of his fist career, aging, fist-scarred Gus Lesnevich wanted only two things today—a long rest and then another fight with anybody they care to bring on for him.

The 33-year-old veteran from Cliffside Park, N. J., fought last night like a man throwing rocks against the side of a barn in knocking out Billy Fox in the first round at Madison Square Garden.

He simply took a full windup and began to let fly with punches and was the winner and still light heavyweight champion of the world.

In just one minute and 58 seconds after the first gong had sounded.

Fox was battered to the verge of insensibility so suddenly that he hardly knew what hit him, beyond the fact that it was approximately the same thing that had cut him down in 10 rounds just a year ago.

This time Lesnevich did not fight eagerly or the least bit cautiously. He explained his free-wheeling battle as one wages along the lines laid out by his lifelong pal and manager, Joe Vella.

The latter's only instructions to Gus were these:

"Go out there and carry the fight to him—and keep punching. You're in shape to go the full 15 if you have to, but you ought to end it soon."

Beginning Of End
The echo of the first gong and the battle-cry of the capacity crowd packed into the Garden had scarcely faded out when the beginning of the end arrived for the young Philadelphia Negro.

Soon after Gus began pegging right hands at Fox, the challenger slipped to the canvas—it was just a slip but a significant one.

A few seconds later he was down again, this time belted over for a count of six. He then was knocked out soon after he climbed back to his feet.

With that, Fox continued to compile one of the most fantastic records in pugilistic annals. He has scored 50 knockouts in 52 starts and has been knocked out himself in the other two—both times by Lesnevich.

Running Up Record
The latter is running up some kind of a record himself. The fel-

low who in his younger days was known mostly as a fair boxer and a sub-par puncher has in his old age suddenly become a terror.

In his most recent starts he has beaten and knocked out heavyweights Tami Mauriello, stiffened Fox in 10 rounds and in one round and belted out Melio Bettina in one.

He has only one target before him as a light heavyweight now and that is Ezzard Charles, the Cincinnati Negro, who is rated as the No. 1 challenger.

Fox never landed a really good punch in the abbreviated fight. His vaunted punch was entirely missing as the aging Lesnevich continued to improve.

This is the same old gander everybody said was washed up when he was knocked out by Bruce Woodcock and Lee Oma soon after he ended a four-year stretch in the coast guard.

Elks Win At Cortland, Ohio

Defeat Fairport, O., 50 To 37, With Wimer Starting; To Play Farrell Monday

The New Castle Elks made a very impressive second-round tourney entrance at the Cortland, Ohio high floor last night defeating the Fairport, Ohio, quintet 50 to 37 with Freddy Wimer the scoring star with 16 points. The Elks drew a first round bye.

Bob Pitzer had 11 points last night and played a fine game substituting for his injured brother Fran Pitzer. Don Watters had six points and so did Winnie Kelly, all of the boys playing marvelous basketball.

Monday the Elks will return to the Cortland floor to battle the Golden Pheasants of Farrell in a quarter-final round game. The Elks received a big ovation at Cortland for their fine appearance and sterling play.

HERE AND THERE IN SPORTS' LAND

NEAREST performer to Johnny Kilbane, the master of featherweights for 11 years, or from 1912 until 1923, is Willie Pep, according to Guy Butler of the Miami Herald, who watched Pep score a T-kayo over Umberto Sierra in the tenth round recently. To be sure, Butler writes, Tony Canzoneri, Henry Armstrong and Kid Chocolate were very good fighters, but none of them held the 126-pound title very long, graduating into lightweight. So, as a legitimate "feather" one has to hand the palm to Pep as the best (and the longest holder) since Kilbane, who ruled the roost when the weight was 122. Butler agrees in part with Jack Dempsey, that the trouble with present day boxing is Mike Jacobs, Madison Square Garden and the New York boxing commission. Too many undesirables are getting mixed up in the sport, too many are being told what to do in advance, too many fighters have to give up too much, and too many managers have to yield portions of their holdings on the fighters. Further, too many managers have to accept unwarranted harsh terms in order to get a match of any consequence. "Speaking frankly," Dempsey told Butler "if something isn't done soon the game is going to die a miserable death. It's become rotten through and through, right to the core. I'm going to keep campaigning against the present day set-up until something is done. I've been at it sometime. I love the game. I made a reputation in it. I owe all I ever possessed to boxing. And I want to see it clean."

Catcher Frank Kerr, obtained from San Diego in a deal which sent Catcher Hank Camelli to the Pacific Coast league club, has signed for the coming season with the Braves. The 29-year-old player batted .299 last season in 143 games while driving in 69 runs. . . Arturo Godoy, the South American, is traveling the come-back trail. His latest win was over Pat Richard, Ohio State pre-med student. The South American has been fighting a long time.

Boosters Wallop Rochester, 68-30

Ringer, Jameson Big Guns As Ruth Machine Wins All-out At Will

Scoring almost as they pleased, Marvin Ruth's East Brook Boosters racked up No. 20 for the season last night at the Brookers gym, walloping the Rochester Legians, 68-30.

Paced by Mike Ringer, who sent 23 points into the cords, and Carl Jameson, who tallied 19, the Boosters zoomed to a 38-11 halftime lead and then coasted home. Every squad man saw action.

In the prelude the "Brookers" (made up of high school players) ran wild to slam the Eagles club juniors, 50-40.

The games were a benefit for the Hickory Township Fire Department.

Buccos Ready For Brownies

HOLLYWOOD, Cal., March 6.—(INS)—The Pittsburgh Pirates today readied themselves for the first exhibition of the spring with the St. Louis Browns, scheduled for Sunday at San Bernardino.

Manager Bill Meyer said that his batting order was all lined up and revealed that Ralph Kiner was in the third slot with Wally Westlake hitting cleanup.

Meyer said that he wants to give Kiner every chance to improve his timing. He explained that batting fourth, Kiner wouldn't be up so often.

Meanwhile the Pirates were in the market for an infielder. They would like to have such as Stan Musial and are reported to be ready to pay cash when the right man comes along.

Hickory A.C. To Seek Loop Berth

Jake Yanelli, secretary of the Hickory Athletic club, today announced that the club will seek a City league berth this year. Yanelli also asked that all members be present Sunday at two o'clock at the Lighthouse for a meeting.

The Hickorys will field a strong team this summer. Any young player desiring a tryout will be welcomed at the Sunday session.

LOCKE, MANGRUM PRIMED TO SWEEP MIAMI TOURNAMENT

MIAMI, Mar. 6.—(INS)—Bobby Locke of Johannesburg and Lloyd Mangrum of Chicago were primed today to sweep through the \$10,000 international four-ball golf tournament at Miami.

The benekered South African and pro goldfom's, leading 1938 money-winner were the gallery's choice to dethrone Ben Hogan of Hershey, Pa., and Jimmy Demaret of Ojai, Cal.

The Hogan-Demaret team have won the crown for the past two years.

Thirty-two of the top-flight U.S. and foreign pros tee-off today in the invitational event as 16 teams.

Locke, who turned in one of his most impressive performances last week in the St. Petersburg open, and Mangrum meet Sammy Hogan and Demaret in a first-round match.

Hogan and Demaret clash with Ralph Guldahl of Chicago and Jim Turnesa of White Plains, N. Y., in their opening encounter.

ELLIOTT'S BEAT ELLWOOD
The Elliott Steel girls duckpin bowlers defeated the Ellwood City Aces, last night at the Castle alleys, with Ella Phillips high for three games with a total of 469. Next Friday the Elliotts will travel to Ambbridge to bowl the Lars Motors in a league game. The local girls are only one game out of first place in the Tri-County women's duckpin traveling league.

LEGION POST 726 WINS
The American Legion Post 726 team in a pre-tourney warmup game, defeated the Grove City College Frs team last night at Grove City, 74 to 39 with Hassan scoring 30 points to be the outstanding star, along with Joe Fair and A. Fair. Best for the Grovers was Marshall with 15 points. The Legion Post 726 team is entering the Optimist tourney at Washington High floor.

HOUSE LEAGUE RESULTS
The G. I. Shines trimmed the Shamrocks, 42-27 and the Safety Five nixed out the Forest A. C., 48-46 last night in House League action at the "Y" floor.

Baseball prospects at Penn State may approach the 100-mark during the coming season.

Titans Closing Season Against Skiboos Tonight

DEAN NELSON

BILL MCHINNEY

Owning a 14 won and 9 lost slate for the season, the Westminster Titans, buoyed up after a wallop handed W. & J. Thursday, are hoping to ring down the 1947-48 curtain tonight on a victorious note.

The Washabaughmen will entertain Carnegie Tech at the New Wilmington college gym in the finale of the campaign.

Despite the lackluster cast of the record this winter, the Titans can find consolation in the fact that they do not walk alone. One of the zaniest seasons in years saw many pre-season favorites relegated to the ash-can as upsets were the rule and not the exception.

The failure of the Titans to streak the way the doopers picked them may be laid to a number of things, but mainly to the fact that many of the key performers slumped badly off their 1946-47 form. Washabaugh tinkered and

tampered but was unable to uncover a smooth-working combination that would catch fire. However, the season need not be written off as an utter disaster.

Four Close Careers

Tonight will mark the final appearance of four "old hands". They are Bill McHinnery, Canonsburg, Don Heddlston, E. Liverpool, O. Tommy Jones, Connellsville, and Dean Nelson of Warren, Pa.

McHinnery had his worst season, the usually reliable set shot artist being unable to find the rings early in the campaign although he came on with a rush at the tag end. Heddlston, the slightly-built guard and Jones, played regularly most of the season. "Dig" Nelson, hampered through his college career with a bad knee, was a utility man, and but for his handicap would have blossomed into a first line performer.

City Youngsters Poised For Recreation Tourney

Two Contests Feature Opening Round Of Third Annual City Loop Games

Starting Monday evening March 8, at the George Washington floor the public will be able to see the results of the basketball leagues that have been sponsored by the New Castle Recreation Board.

These leagues have been in operation for the past four months and the only qualifications that a suit needed to have was a gym suit and the desire to play. The boys have had a lot of good clean fun and most of the players have learned some basketball.

The winners of the National American, and Mahoning Divisions will compete against each other for the city recreation championships in the Midget, Junior, and Senior leagues. The range of the ages for team competition is 10 to 12 years for midgets, 12 to 15 years for juniors, 15 to 18 years for seniors. All teams taking part in the finals are good teams and a great deal of enthusiasm is being shown by the teams of the winning sections for each team hopes to win the league championship for their division. Last year the American Division won all championships and are determined to repeat again this year.

A small admission will be charged each night in order to defray expenses of the tourney. Students 10c and adults 25c per night.

On Monday night the first game will start at 7:00 sharp with the McGill Cubs of the Midget League meeting the Aces of Mahoning Division. The second game at 7:45 p. m. with the Hawks, Sparklers, or Station 5 meeting each other for the right to represent the National Division in the finals.

Saints Defeat Elks Reserves

St. Mary's jolted the Elks Reserves last night, 52-45, with Han-

non and B. Sullivan forming a twin punch that proved too much. The Saint players each had 17 points in the victory. Peterson tallied 15 for the Elks.

The winners had a 20-10 half-time lead before the losers started to click.

HOPPE, MOSCONI PADDING LEADS IN BILLIARDS

By CHARLES EINHORN
(International News Service Sports Writer)
CHICAGO, Mar. 6.—(INS)—The
Willies — Hoppe and Mosconi —
moved solidly into the middle
phase of their three-cushion and
pocket billiard title defenses today,
having seen to it that Buenos Aires
and Philadelphia have one sad
something in common.

The chosen representatives of
these two cities, respectively Senor
Ezequiel Navarra of the Argentine
and Mr. Andrew Ponzi, were both
the parties of the losing part as
they renewed their title quests to-
day. Navarra trailing Hoppe by 23
points in the three-cushion show-
down and Ponzi losing to Mosconi,
450 to 206, in the pocket division.
Six of the nine schedule blocks
remain to be played in each tour-

ney, however, three today and
three tomorrow, and challengers
Navarra and Ponzi may still be-
come gents to reckon with.
The former, indeed, can take the
three-cushion lead from Hoppe in
the very first block this afternoon.
Hoppe leads, 150 to 127, after yes-
terday's three games, but under
the continuous style of play where-
by a block does not end until one
player reaches a multiple of 50,
the first guy to hit 200 will win
just be Navarra.

LaSALLE GETS OFFER
PHILADELPHIA, March 6.—
(INS)—LaSalle college, winner of
20 games in 23 starts, today pre-
pared to fight it out next week
for the national invitation basket-
ball tournament in New York's
Madison Square Garden.
LaSalle, beaten only by Cincin-
nati and two home-town teams,
Temple and St. Joseph's, accepted
its bid to the tournament yester-
day.

The Explorers averaged 63.1
points per game this season, paced
by Larry Foust, who totaled 386
points.

TEMPLE SEEKS ASSISTANT
PHILADELPHIA, March 6.—
(INS)—Head Football Coach Ray
Morrison of Temple university
shopped around for a new assist-
ant today following the appoint-
ment of Josh Cody as supervisor
of all freshman sports.
Cody swapped his assistant grid-
iron coaching duties for the fresh-
man post so he could devote more
time to his job as chief mentor of
Temple's basketball squad.

VERDICT EXPECTED
CHICAGO, March 6.—(INS)—
The verdict of a six-man coroner's
jury is expected today at the final
resumption of the inquest into the
death of boxer Sam Baroudi.
The 20-year-old Akron, O. Negro
died two weeks ago six hours after
Ezzard Charles knocked him un-
conscious in the Chicago stadium ring.

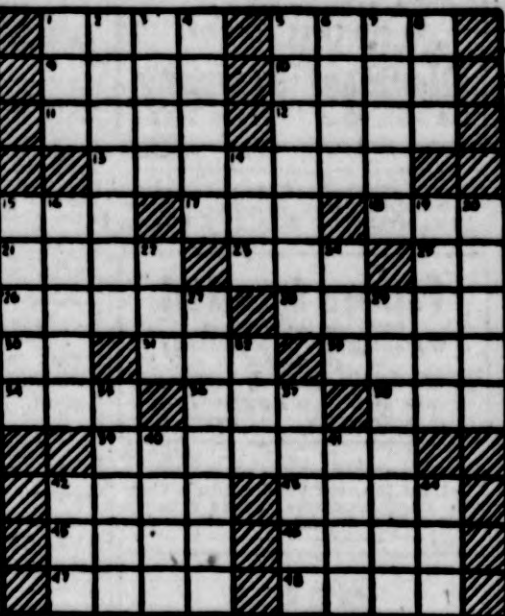

John Lawther, of Penn State,
thinks larger basketball courts
would eliminate excessive whistle-
blowing. "Ten men," the Lion
coach points out, "must now ma-
neuver at high speed in a half-
court area 50x45 feet."

George Harvey, Penn State fish-
ing expert, again is conducting fly
tying classes in communities all
over Pennsylvania.

Penn State's John Lawther
thinks present-day basketball
would be improved if the playing
court were enlarged.

Court House

Registration Is Concluded Today

Voters Have Until 6 O'Clock This Evening To Register For Spring Primary

OTHER NEWS OF COURT HOUSE HILL

Today is the last day on which voters can be registered to vote at the spring primary, or to change their party affiliation, it was stated by A. Louis Conn, chief clerk of the permanent registration bureau. The office will be open until 6 o'clock this evening, so that those who have neglected to register previously may be able to get under the wire after reading this, by rushing to the court house and making known their want. The registration office is located in the court house annex.

The office was open until 9 o'clock last night for the accommodation of 11th hour voters, and quite a number took advantage of the opportunity. Thursday there were 71 voters registered, of which 35 were Republicans, 35 Democrats and one who registered non-partisan.

FIVE SENTENCED

Five prisoners were before the courts for sentence Friday, three of them on drunken driving charges, one charged with carrying firearms without a license and one charged with larceny.

Edward Pondrich, Sarino Veneto and Arden L. Bement, charged with operating a motor vehicle while under the influence of intoxicating liquor, were assessed the customary fine by Judge W. Walter Braham, namely \$100 fine and costs and 30 days in jail, to be released at the end of three days on payment of the fine and costs.

Samuel Lincoln, charged with carrying firearms without a license, was given a fine of \$50 and costs, and sentenced to 60 days in jail by Judge Braham.

Jackie Strayer, also known as John Elms, charged with entering the home of Mrs. Jessie Hartzell, Valley street, was placed on probation for a period of two years, on the promise to make restitution of the amount taken.

Three Small Fires On Friday Evening

City firemen were called out three times, Friday evening, for small fires, Chief James E. Thomas reports.

At 7:40 p. m., No. 5 company was called to extinguish a grass fire along the old B. R. and P. tracks on Morris street.

At 8:27 p. m., an alarm from Box 75 called three companies to 111 Newell avenue, where some papers, placed in the cold air register of a home owned by the school district of New Castle, caught fire. Seventh ward firemen extinguished the fire with a

hand extinguisher. While answering the blaze, a spring broke on the Pirsch truck, and it was necessary to send it to the shop for repairs.

A short time before this, grease caught fire on the kitchen stove at the home of C. Kennedy, of 115 Patterson avenue. Members of the family threw the utensil containing the blazing material out the door, ending danger of any fire.

Today's Question About Red Cross

When is the Red Cross going to return to a peacetime basis?

The present program of the Red Cross, with the single exception of the Blood Donor Plan, is identical to the program the ARC was engaged in prior to World War II. In other words, this year will see an orthodox peacetime program in effect.

The ancient Druids believed that mistletoe kept away witches, and people once paid large sums for pieces of the parasite plant to wear around their necks.

Explosives Plants Not To Be Sold Now

WASHINGTON, March 7.—The War Assets Administration said Friday that reports it plans to dispose of 10 explosives manufac-

turing plants immediately are "totally erroneous."

One plant originally listed by WAA is the Keystone Ordnance Works near Meadville, Crawford county, Pa. It was built at a cost of \$52,359,000 and was one of the country's largest producers of TNT during the war.

PLENTY OF ROAST BEEF PHILADELPHIA, March 6.—

(INS)—Officials of the Penn Beef Co., warehouse in Philadelphia had four tons of "roast" beef on their hands today.

Fire broke out in a partition of the meat-cooling room at the warehouse and employees saved all but four tons of the beef.
